EDUCATION

B.E ECE

PSNA college of engineering and technology
2021 - 2025
CGPA : **7.81**

HSC

JOY matric higher secondary school
2020 - 2021
Percentage : **88.171%**

SSLC

JOY matric higher secondary school
2018 - 2019
Percentage : **86.8%**

SKILLS

- **Languages:** JavaScript, Java, c
- **Frontend:** HTML5, CSS3, Tailwind CSS, Bootstrap, React.js, AJAX
- **Backend/DB:** J2EE, SQL (Oracle, PostgreSQL), Mongo DB, Supabase, REST APIs, Postman
- **Version Control:** Git, GitHub
- **CMS/Platforms:** WordPress
- **CI/CD:** Vercel, Replit
- **Game Dev Tools:** Godot
- **Design & UI Tools:** Responsive design, cross-browser optimization, Figma

About Me

A recent engineering graduate and software developer passionate about building scalable and intuitive software. Experienced in the end-to-end development lifecycle, from creating responsive user interfaces to managing databases and integrating REST APIs. A quick learner dedicated to writing clean code and collaborating effectively to deliver robust solutions

INTERNSHIPS

WordPress Developer Intern — NGTutors.com

- Built and maintained WordPress websites, implemented themes, plugins, and ensured responsive design

PROJECTS

- **Chef Hugs**  — Cooking app (React + API, deployed on Vercel). Developed to help reduce food waste through recipe suggestions with third-party REST API integration.
- **Word Masters**  — Interactive word guessing game in vanilla JS with gamification elements and dynamic user feedback
- **Certificate Generator Plugin** — Open-source WordPress plugin for customizable certificate generation, available for community use
- **Discord Invite Tracker Bot** — Node.js + Supabase. Developed a custom Discord bot with Supabase as the backend to track server invites, manage leaderboards, and store user activity

CERTIFICATIONS & COURSES

- CS50's Introduction to Computer Science - Harvard University (edX)
- Complete Intro to Web Development — FrontendMasters
- React js, Tailwind CSS — Scrimba
- Git & GitHub — DataCamp
- PostgreSQL — DataCamp
- SQL, Java, Web technologies— QSpiders
- GitHub Foundation — DataCamp
- HackerRank Software Engineer Intern Certificate — HackerRank
- Getting Started with MongoDB Atlas — MongoDB
- iTech HackFest 2024 — Thiagarajar College of Engineering
- Build with Agentforce — Salesforce

INTERESTS

- Content creation
- Infotainment shows
- Game development
